

## St Antony's Catholic Primary School Pupil Premium Strategy Report

## Pupil Premium Grant (PPG) Funding: Income, Implementation and Impact Report 2020-2021

School Context Summary			
Context Data	Breakdown	Additional Information	
Total Number of Pupils on Roll	460	Current number on roll from Nursery to Year 6	
Number of Pupils Eligible & Registered for Pupil Premium Grant	94	Representing 20% of current total school population	
Number of Pupils Eligible for PPG 2019-2020 based on historical school data	138	30% of total school population are eligible- however the deficit indicates parents whose status has changed their child's eligibility or who meet eligibility but have not applied and registered for this PPG	
PPG Funding Received Per pupil annually	£1,320	Funds received from DFE per eligible registered pupil	
PPG Funding Received Per Service Pupil (Parents in the Armed Forces)	0	N/A	
PPG Funding Received Per LAC	0	Currently no Looked After Children on roll	
PPG Funding Received For Academic Year 2020-2021	£120,420	Total PPG Funding Available To Support programmes for Pupils Eligible for FSM	
Total Proposed PPG Budget spend 2020-2021	£120,420	Any over spend will be covered by SEND/Inclusion Funding for those on FSM	

One of our Key Aims at St Antony's Catholic Primary School (directly linked to our School Development Plan) is to continually diminish the differences in attainment levels and end of year outcomes between our most deprived pupils (those eligible for Free School Meals-FSM) and those who do not fall within this category. FSM is a deprivation indicator which usually has attendant to it, pupils from the poorest and most disadvantaged backgrounds who are largely expected to under achieve because of their socio-economic status. This school works tirelessly to close the learning and achievement gaps via the use of the PPG funding to provide targeted interventions, 1to1 and small group support with specialist teachers and instructors in Phonics, Mathematics, GPS, Reading, Reading Comprehension and Writing as well as providing enrichment and additional extended bespoke before and after school, holiday and out of hours programmes to ensure that this gap is effectively bridged. The impact of programmes and initiatives put in place has had a very positive outcome with the school's achievement and attainment being among the highest in the country in recent years. St Antony's Catholic Primary was named and awarded a plaque as a **School Of Success** by the Mayor of London Sadiq Khan in 2018. The school was named **Primary School of The Year** by the Sunday Times in 2019. In 2020 the impact of the national school Lock Down due to COVID-19 resulted in a slight dip in overall outcomes and it is anticipated that this dip will be sustained during the current school year due to learning loss.

Common Barriers	<b>Encountered By Pupils Eligible For FS</b>	M and PPG Funding 2020-2021
Barriers Encountered in School	Phase where this is Most Evident	Strategic Actions Taken To Bridge Gaps
English as a Second Language in Remote/Blended Learning which impacts on their ability to understand the language they are taught in and their quality of communication, reading and comprehension.  English Language Acquisition will be challenged with online learning as 97% of the total enrolment at St Antony's are from Ethnic Minority backgrounds	Across all Phases as 57% of enrolment are officially registered as EAL with many parents in this area speaking little or no English and struggle to support their children with English language acquisition.  EYFS, Key Stage 1 and EAL Mid-Phase Admissions KS2 pupils across the school whose parents will struggle to support their children's learning at home this academic yr.	Phonics, Reading, GPS and Writing given more learning time daily. Phonics is taught daily across EYFS & KS1 for 15-45mins from N to Yr2 Reading for enjoyment is done daily across the school for 10-15mins. Reading homework is given daily from Nursery to Year 6 via Bug Club Pupils are immersed in the use of English as classes are vocabulary rich. Staff model outstanding spoken and written English daily in teaching to aid parents by modelling what to say and do via zoom/Google Classroom/Oak National Academy sessions in Reading/Phonics/Writing.
Limited oral skills resulting in poor expressive language which impacts on the quality of speaking and listening, reading, comprehension and writing at home.	EYFS, Key Stage 1 and EAL Mid-Phase Admissions across the school also among the wide cross section of the parent body.	Oral Reading and Comprehension Interventions which encourage the use of language and develops competence and confidence with the use and understanding of the English language modelled by staff daily.
<b>Barriers Encountered Outside School</b>	Phase where this is Most Evident	Strategic Actions Taken To Remediate
Limited access to IT devices to engage fully in REMOTE/BLENDED LEARNING during the recent National Lock down due to COVID-19 Limited exposure to life experiences beyond the local area to increase general knowledge as COVID-19 lock down procedures prevent/curtail trips. Local Parks still available.	Across all phases to a greater or lesser degree depending on family economic status. Many families did not have Laptops or I-Pads for their children to complete work on-line daily as required during lockdown.	IT devices loaned to families in need on contract agreement from school to aid with REMOTE/BLENDED LEARNING needs.  Applications made to the DfE for devices to aid pupils-26 granted Pupils still allowed to engage in local, regional and National programmes remotely via zoom/Google meets/Micro-Soft Teams or filming done in school in bubble groups by BBC & Living Wage
Limited experience of quality time spent with parents and adult family members to engage in discussions around learning to reinforce understanding of skills & concepts.  Although many parents furloughed and made redundant many still work multiple jobs at unsociable hours - unable to support their children's learning. Mental health and Well-being support in high need.	Across all phases to a greater or lesser degree as many parents of the school lost jobs or continue to work long hours in multiple jobs on zero hours contracts. It is for this reason that the school is integrally involved in the <b>Living</b> Wage Campaign to support its poorest and most deprived Parents and families.	The school continues to engage remotely with programmes which encourage parent pupil engagement such as: Early Help, Head Start, Triple P (PPP), F.A.S.T (Families and Schools Together) & The Living Wage Campaign - Citizens UK; as well as hosting Parent and Pupil catch up in Phonics, Reading, Writing, Maths and GPS on-line via Class Dojo & work packs to support learning at home made available to parents and pupils. I AM OK programme launched to address Mental Health/ Well-Being needs
Vulnerable and Deprived Children and families continue to have limited access to sustained quality social housing and are living in cramped living spaces with overcrowding resulting in High levels of COVID-19 infections across Newham Borough for 2020-21.	Across all phases to a greater or lesser degree It is for this reason that the school became integrally involved in the Living Wage Campaign and the London Mayoral Assembly to support its poorest and most deprived Parents and families	Parents, Pupils and Staff work with TELCO (the East London Community Organisation), Citizen's UK, the Church and other NGO's to secure better social housing, better jobs paying the London Living Wage and giving parents access to opportunities for socio-economic development and stability. Year 6 Pupil DJ Zel (Zelda M) supported by staff and pupils launch '11 for 11' campaign to tackle food and education poverty in Newham with coverage featured on prime time news BBC (see link on website)
Parents' Legal Status in the country preventing them from having access to Government Funding, good social housing or sustained good medical care and services for their children-experience high levels of vulnerability to the COVID-19 with underlying conditions such as asthma, pneumonia and other respiratory conditions which affect attendance and learning.	Across all phases to a greater or lesser degree as some parents are refugees and asylum seekers who cannot work officially and take work on zero hours contracts. It is for this reason that the school is integrally involved in the <b>Early Help and advocacy programmes</b> to support its poorest and most vulnerable and deprived parents and families.	FSM pupils provided with Food Vouchers, placed in Breakfast Club and other school support programmes by providing additional meals and support with uniforms, shoes along with FSM provided each day. Parents, Pupils and Staff work with TELCO (the East London Community Organisation), Citizen's UK, the Church and other NGO's to secure better advice on support available for people of all status in the local community. School secure good supplies of PPE for staff and put a range of Risk Assessments in place to create a COVID-Secure school

Success Criteria/	Strategic Action Implemented +Funding	Justification	Quality Assurance&	Review
Expected	implemented +runding		Assessment	&
-				Responsibility
Outcomes To sustain Good Level of Development (GLD) between 80-85% for the vast majority of children by the end of Reception year in EYFS To supply all staff with relevant PPE to make their working environment COVID-SECURE To share school's Risk Assessments with EYFS And Staff right across the school	Increase number of fully qualified CTs with QTS across EYFS from 2 to 3 by end of 2021 via School Direct/ SCITT -funded by the school. Cost: £20,000 Increase the number of HLTA's across EYFS/KS1/KS2 by 2021-2022 from 6 to 7 £2K  Provide additional quality PPE and other resources to support safety within the learning environment £5K  Use PPG funding provide an additional adults and resources for interventions in EYFS (Mrs D A) Cost: £20,000 to support bubble group/small group intensive teaching & learning to close learning loss gaps.  Host Staff insets/ workshops in delivering Remote & Blended learning in Phonics, Reading, GPS, Maths, RE and Writing —with on line resources provided DfE and other platforms to support parents working with children at home. £5K	In a recent study conducted in 2019 across schools in East London with high EAL numbers by the University of London-findings indicated that schools that take a more holistic approach to language development and acquisition with EAL pupils and their families find that their pupils' make accelerated progress in terms of language use and understanding if they are read to daily, encouraged to read daily alongside first language speakers and readers, have good models of spoken and written English around them and are engaged in social activities that encourage interaction and language use such as role play/ speech and drama and performing arts."  The Sutton Trust 2012 report indicated that children from low income families were on average 19 months behind their more affluent counterparts at the age of 5. In providing high quality 2 year old and EYFS provision with qualified staff with sound knowledge and expertise in Early Childhood Development children's language development is better fostered and supported from an earlier age-by end of KS1 many catch up.  Research at IOE: "Additional adults in EYFS heightens levels and quality of engagement and facilitates lower pupil to adult ratios resulting in pupils being better supported with their learning and academic, social and emotional development.  In a study conducted by the Institute of Education (IOE)	EYFS lead is a member of SLT to ensure whole school vision and expectations are of the same standard from Nursery to Year 6. Communication of the vision among leadership is reciprocal and clear.  Viridis (2 year old provision) Nursery and Reception are included in the same monitoring procedures in place for KS1 and KS2. Quality of teaching and learning across EYFS as well as expectations are monitored as rigorously by SLT via Observations, Drop ins, and Performance Appraisals.  Planning, Teaching, Assessment Expectations for coverage and delivery of core and non-core curriculum content are standardised across the school. The Revised Development Matters is used to chart individual pupil progress and outcomes reported to parents at least three times annually in consultation and in written reports.  SENCO/Inclusion lead assesses the effectiveness of specialists such as speech and Language Therapists working with pupils  Via progress indicator systems uses across school.  All interventions are tracked for effectiveness.	Governors and SLT To assess effectiveness of staffing structure and investment in staff annually for impact  SLT and Finance Committee to continually asses spend on resources to ensure value for money and effectiveness termly  EYFS Phase Lead and SENCO to ensure interventions are fit for purpose half termly  SLT Observation of quality of practice done half termly/as needed to track outcomes for quality
Quality of Teaching Learning and Assessment maintained at outstanding levels To close gaps in Reading, GPS, Writing, Maths and Phonics across KS1 and KS2 due to learning loss.	Professional Development (CPD) for academic staff at all levels via internal insets, Local Authority, Deanery and National training courses. Cost: £10K Establish a practice of research for improving the quality and content of teaching across the school. Provide opportunities to observe good practice internally and externally for staff as needed. £5K	University College London (2017) findings indicated that effective professional development has a direct and positive impact on the quality of teaching and learning in schools. The deeper the knowledge and skills base of staff the better their ability to effectively engage children of all abilities and elicit positive learning outcomes. All Good teaching starts 'with the end in mind' so, planning and the attendant appropriate approaches used and applied will aid with achieving expected outcomes. Teachers are professionals and must keep abreast with new strategies, thinking and knowledge via research and on-going CPD. Without this teaching becomes ineffective.	Assessment of core and non-core curriculum content available as needed as a standardised across the school. Pupil Progress meetings used to chart individual pupil progress and outcomes reported to parents and Governors at least three times annually as per school assessment cycle. SLT and SENCO to assess the effectiveness of specialists, instructors and SNAs working with pupils and small groups/sets to ensure high achievement standards across the school. interventions tracked for effectiveness.	SLT, Curriculum and Staffing & Finance Committee to continually asses spend on training (CPD of all forms) to ensure value for money and effectiveness in terms of school outcomes – half termly

Success Criteria/ Expected Outcomes	Strategic Action Implemented +Funding	Justification	Quality Assurance& Assessment	Review & Responsibility
Continually Diminishing Differences and closing the Learning Loss attainment gaps  Staff and pupils become more confident and competent- National standards met and surpassed  Pupils Self-esteem and self-worth raised. Staff and PPG pupil voice valued —included in planning and establishment of programmes  PPG pupils attainment and achievement	KS1 &2 TA and Teacher inventions with additional resources in Phonics, Reading, Writing and Maths Cost:£5K KS1&2 SEND Interventions: With attendant resources Speech and Language Therapy Play and Drama Therapy Colourful Semantics ASD Training and Implementation Ed Psych Sessions for relevant pupils 1to1 and Group Sessions Lego & Block therapy Cost:£10K Training, Resourcing & Deployment of Specialist Staff used more effectively to combat learning loss in: Phonics/English: Reading, Writing, GPS Maths & Science Music/Performing Arts Dance & Drama & PE Cost:£10K Hosting FSM Children in Before and After School Clubs: Breakfast Club MAE-wrap around service OOHL x 40 Cost:£5K Participation in local regional and National	Ofsted: "Effective research and continuous professional development requires teachers and support staff to review and challenge their existing practice and make the strategic connections between how they teach/instruct and how pupils learn. If pupils are not making sufficient progress an assessment needs to be made of the approaches and methodologies being applied for effectiveness to be assured" Additional competent and knowledgeable adults across KS1 andKS2 improve levels and quality of engagement during teaching and learning time and facilitates lower pupil to adult ratios in all classes resulting in pupils being better supported with their behaviour for learning and academic progress. Children are exposed to staff with expert knowledge in specific curriculum areas in lessons across KS1 and KS2 which impacts positively on pupils depth and breadth of knowledge and understanding in the subject areas-generating outstanding outcomes. Pupils also become more confident in their abilities and through motivation and modelling become better learners.  NCTL: Use of a scaffolding and modelling approach within AfL methodology in class better supports pupils who fall within the depravation categories of FSM and PPG. Schools that utilise specialists, SNAs as well as capable /more able peers as learning mentors for their FSM pupils will see an increase the understanding of content being taught and next steps used resulting in the rate of progress among disadvantaged pupils being raised when they work consistently receiving supportive feedback. Ensuring pupil welfare is adequately addressed boosts performance outcomes and builds pupil resilience and	SLT to ensure whole school aims, objectives and National Standards are being met - expectations are of the highest standard from Nursery to Year 6.  Communication among Governors, leadership and staff is reciprocal and clear. Viridis (2 year old provision) and EYFS included in the same monitoring procedures in place for KS1 and KS2. Quality of teaching and learning across EYFS/KS1/KS2 as well as expectations monitored as rigorously by SLT/Phase/Subject Leads via Observations, Drop ins, and Performance Appraisals.  Planning, Teaching, Assessment Expectations for coverage and delivery of core and noncore curriculum content are standardised across the school. Revised Development Matters 2020 used to chart individual pupil progress and outcomes reported to parents at least three times annually.  SENCO/Inclusion and EYFS lead to assess the effectiveness of specialists working with deprived and vulnerable pupils Via progress indicator systems uses across school. All interventions tracked for effectiveness.	Curriculum Lead, SENCO and Assessment Lead to assess effectiveness of interventions half termly-review and make adjustments as needed  SLT and Finance Committee to continually asses spend on human and other resources to ensure value for money and effectiveness termly  Curriculum Lead and SLT to ensure enrichment programmes are fit for purpose- half termly checks  SLT Observation of quality of practice across KS1 & KS2 done half termly/as needed
sustained Pupils' use and application of IT skills and Knowledge broadened via exposure to a range of devices/platforms	initiatives and Programmes  Pupils Provided with opportunities for engaging in memorable experiences which enrich their learning journey: on line virtually by PPG fund invested in securing additional devices etc. for Remote & Blended learning: Cost £30K	R W Emerson promulgates: "The mind, once stretched by a new idea, thought, experience or learning can never return to its original dimensions" PPG pupils at St Antony's are more confident in their abilities to perform in the classroom and on any stage through exposure to a range of first hand memorable experiences eg: Singing at our annual Virtues Festival to hundreds of Parents and for The HRH Queen Elizabeth 2 <sup>nd</sup>	SLT and Governors ensure via rigorous monitoring, review and assessments that the Remote/Blended Curriculum has good depth and breadth and is balanced with heavy focus on: value added. Licences for on line platforms such as Discover/Espresso, Bug Club/ Active learn, My Maths, RWI content, Active Inspire are assessed.	New Programmes/ platforms are assessed by SLT and Governors to determine if they add value to pupils learning journey and overall outcomes.

## Impact of Programmes and Strategies Implemented on School Achievement and Attainment Supported by PPG

\*It is important to note that there were no National Outcomes/Comparisons for 2020 as No KS1 or KS2 SATS or LBN Moderations were held due to COVID-19
